

FIRE & SMOKE CAN BE DEADLY!

Be Prepared - Be Aware - Take Action

- **Call 000 immediately if you see fire or smoke.**
- Ensure cigarette butts are discarded safely and **NEVER** flick them over the side of the balcony.
- Keep your balcony clean and tidy; clear of cardboard boxes, leaves and other debris.
- Do not store/place any items around or near your air-conditioning unit.
- Replace smoke detector batteries in your apartment annually (do it when daylight savings changes).

Actual pictures of a fire that occurred on the 14th June 2017 at a Southbank high rise building. The fire was caused by a cigarette butt falling and igniting items on the balcony.
